

## FELTING IN A MACHINE

Suitable for front and top loading machines:

1. Set washing machine:
  - low water level
  - hot wash
  - cold rinse
2. Add piece of knitting, and extra fabric (e.g. towel or old pair of jeans) to help create friction.
3. Add soap or detergent.
4. Run normal wash cycle.
5. Check how well your knitting has felted. If you want to cut the felted fabric and you can still clearly see the stitches, repeat steps 3 & 4.
